

KDVR/KWGN FTP Information

FTP Video Upload Information KDVR/KWGN:

Server address: <ftp.kdvr.com>

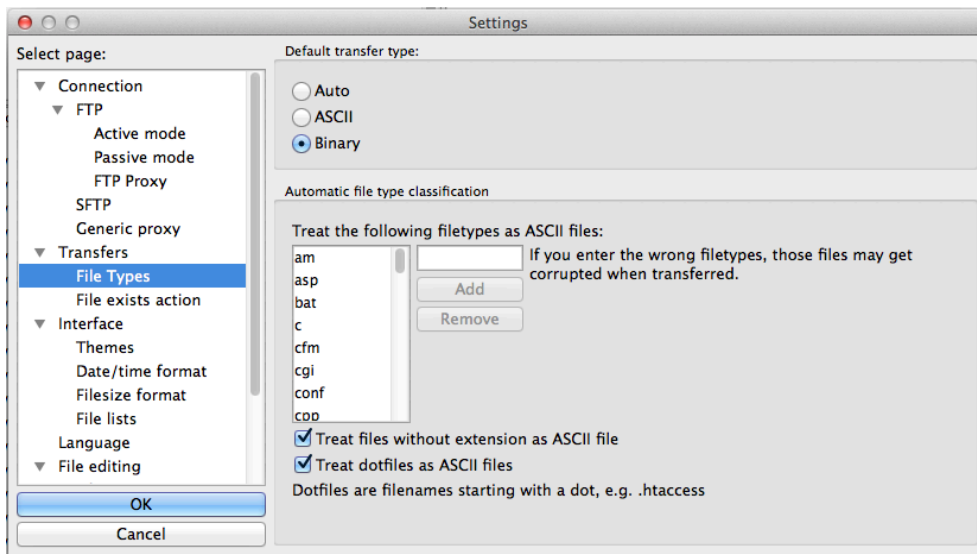

Username: Commercial

Password: @DenverNews31

You will need an upload/download client to deliver a spot to the FTP. Here's a link to a commonly used FTP client that can be downloaded and installed for FTP delivery.

https://filezilla-project.org/download.php?show_all=1

****Before you upload, make sure Filezilla is set to “binary mode,” under “file types” in the settings.**

****Please make sure that all spots have at least 1 second of black at the beginning and end or our server may have difficulty playing it on air.**

In case of questions, please call the KDVR/KWGN Traffic Department at (303) 566-7677 or (303) 566-7777. For technical questions, call Chris Lupenski at (303)-667-9946.
